Inspire a faith that lasts

## Parent group discussion questions

Use these questions with the 'Talking Faith with Ruth Valerio' video available on the Kitchen Table Project YouTube channel: [www.youtube.com/KitchenTableProject](http://www.youtube.com/KitchenTableProject).

1. Ruth says that "matter matters to God." Have you ever thought about the correlation between the Bible and loving the environment? How would you talk to your children about it?
2. Are there any things you already do in your family life that could be opportunities to talk to your children about God's world - nature and people?
3. What practical ideas can you take from the video to care for creation with your children?
4. How could your family "stand in the gap" to help a world in crisis? Ruth gives three key ideas - give, act and pray. In what ways could you help your children to look at how they can give, act and pray for the world as part of their worship?
